RE: MPSD Weather and Building Emergency Days
(Message being sent by email – no voice message being sent)

Dear Miller Place School District Community,

In keeping with the chaos that 2020 continues to bring into our lives, it appears there may be a snow storm headed our way towards the end of this week.

We are fortunate that our K-12 students have District devices and access to Google Classroom as a remote learning platform. Therefore, we can anticipate pivoting our instructional programs from in-person to remote learning, should there be a building emergency (as we recently experienced at LADSBS) or a foul weather day and student transportation is not recommended.

When students are learning from home, we will have several options, which will be determined with each emergency situation:

- Faculty teaching from on-site
- Faculty teaching from off-site
- Regular school day schedule
- Delayed school day schedule
- Full-time support staff reporting to work
- Part-time support staff not reporting to work

In addition, we may have the traditional snow day when school will not be in session.

Although no decision has been made regarding this week's potential snow storm, sharing these options with you is important for you to begin to plan for multiple scenarios.

Thank you and be safe.

Dr. Marianne F. Cartisano
Superintendent of Schools
