Miller Place School District Community,

As you be aware there is a widespread national Google outage affecting Google classroom. This is an industry issue and not specific to Miller Place.

Parents of primary and elementary students – If you cannot gain access to your child’s Google classroom for today’s parent-teacher conferences, please email your child’s teacher the best phone number to reach you and the conference can take place over the phone.

Parents of secondary students in Cohort 2 who are learning remote today, please tell your child to continue to check their Google classroom for access throughout the day.

We have been advised that Google is working to restore their systems as I type. As soon as this happens, we will continue our Goggle related instruction.

I totally agree with you – you can’t make this up – it is just another 2020 issue.

Thank you for your patience.

Dr. Marianne F. Cartisano
Superintendent of Schools
