

FIRST IN MATH[®]

PRACTICE MADE PERFECT™

NYSED selected First In Math to support STEM Readiness in K-5 students.

IMPORTANT INFORMATION FROM NYSED ABOUT FIRST IN MATH

- Optional program with flexible use.
- Flexibility can include enrichment/extension to supplement work being done in the classroom.
- Use of this free math resource is not a requirement, but an additional option to promote mathematical thinking and fluency.
- Online, standards-based math games and activities.
- First In Math contracted with NYSED as the vendor to implement a State Initiative to promote the love of math and support math fluency within elementary students (K-5) across New York.
