November 26, 2019

Dear Parent or Guardian,

The Miller Place School District has updated the Elementary (K-5) level report cards in order to ensure alignment with the New York State Learning Standards, District curriculum and instruction and the New York State reporting.

The K-5 standards-based report cards are aligned with the New York State Learning Standards, which are reflective of our curriculum and instruction. The elementary report cards represent trimester grade reporting and include categories and descriptions reflective of New York State Standards. Grading keys indicate progress toward the State and District standards. Effort and learning habits are the skills necessary for successful learning.

Information regarding the report cards can be found on the District website at www.millerplace.k12.ny.us under the *Parents* tab. There you will find additional resources for parents, which will help to explain the elementary report cards.

Thank you for your support as we align the standards-based elementary report cards. Please feel free to contact your child's teacher or the building principal with any questions about your child's report card. We look forward to seeing you at our upcoming parent teacher conferences.

Sincerely,

Susan Craddock
Assistant Superintendent
