Re: COVID-19 Update #2 for MPSD

Dear Parents, Guardians and Staff,

This is the second update being sent to our school community today.

The District continues to closely monitor the rapidly evolving COVID-19 pandemic and receive expert guidance from Suffolk County Government agencies, specifically the **Department of Health** who is advising schools districts regarding our course of action on an hourly and daily basis. At this time, there are **no confirmed cases in Miller Place**.

The District is altering the school calendar for **Monday, March 16, 2020** as follows:

No student attendance and no student activities, including athletics.

All full-time staff will participate in a conference day and should report to their buildings as per their normal schedule. Part-time staff **should not** report to work on Monday.

During this closure, the District will continue to perform a deep cleaning of all buildings, including all surfaces and spaces, while we await further guidance from health organizations and the New York State Education Department.

Please know that this decision was not made lightly, and we recognize the impact such a closure may have on our families. The District will continue to monitor this evolving situation and communicate any additional scheduling changes should they be warranted, via a Connect Ed message.

I thank you all in advance for your understanding and cooperation during this time. I know that these are certainly unprecedented circumstances.

Sincerely,

Dr. Marianne Cartisano
Superintendent of Schools
