

Castle Learning

Accounts

Castle Learning is a web-based tool which is available 24/7/365 through any internet-connected device. Each North Country Road Middle School student has his/her own, unique Castle Learning account. These accounts are used in two ways:

- Teachers may assign lessons through Castle Learning, and/or
- Each student may create his/her own study guides.

Students may access Castle Learning via the following website: www.castlelearning.com

Student's log on information for Castle Learning is as follows:

- **Username:** mp.student's network username
 - **For example:** Mary Smith's Castle Learning username would be: mp.msmith
- **Password:** <mp><last four digits of the student's identification number>
 - **For example:** Mary Smith's student identification number, as listed in SchoolTool, is 123456. Mary's password for Castle Learning would be mp3456

Any student having issues logging into Castle Learning should see Mrs. Orioles in the Computer Lab (room 11.)
