Dear Parents/Guardians,

The district provides special education services and programs to students with disabilities pursuant to applicable federal and state laws. Any parent or person in parental relation who suspects that his/her child has a disability may refer the child for an evaluation by the District's Committee on Special Education (CSE) for eligibility for special education services and programs. More detailed information on this process is available in A Parent's Guide to Special Education, which is published on the New York State Education Department's website in English¹ and Spanish².

Parents and person in parental relation should contact the District's office of Pupil Personnel Services if they suspect that his/her child has a disability. Please contact Mrs. Wojnowski.
