RE: Closed Campus Information

Dear Parent or Guardians of Senior Students,

In an effort to provide a safer educational environment within the high school and the community, the District has made the determination for the high school to operate under a closed campus system with respect to student's leaving the school property. Seniors will no longer be permitted to leave campus during their lunch and study hall periods. Students that leave campus within their academic day without being appropriately signed out through the main office will be subject to disciplinary consequences according to the districts code of conduct. Students that conclude their academic day prior to the end of period nine will still be permitted to have "Early Release" privileges to leave campus for the day; they will not be permitted back onto campus for after school activities until the conclusion of the school day at 1:52 pm. All appropriate paperwork must be completed and submitted to the main office prior to any student leaving for early release.

This year's seniors will be granted access to the newly created "Senior Lounge" in room 167. In addition seniors will also be permitted to utilize the courtyard located in front of the main office, weather permitting. Seniors only are allowed to remain in the senior lounge and courtyard during periods in which they do not have a scheduled class. Our hope is that these two new spaces will provide an area for seniors to continue to have senior privileges while remaining on campus.

Thank you for your continued support and we look forward to a successful start to the 2013-2014 school year.

Sincerely,
