**Re:** Remote Learning Instruction Options

Good Evening Miller Place School District Community,

In the event where students are not reporting to school (*weather-related or non-weather related*), and the District needs to transition to a remote learning day for students, any one of the following scenarios may be implemented.

### **Scenario A – Full Day Remote Learning**

1. Teachers, teacher assistants, and teacher aides instruct from home and students learn from home (*ex. weather related or building emergency*):
  - o AMPS students log onto their Google Classroom from home at 9:15am and follow their regular in-school schedule.
  - o LADSBS students log onto their Google Classroom from home at 8:30am and follow their regular in-school schedule.
  - o NCRMS students log onto their Google Classroom from home at 7:35am and follow their regular in-school schedule.
  - o MPHS students log onto their Google Classroom from home at 7:07am and follow their regular in-school schedule.

**-OR-**

2. Teachers, teacher assistants, and teacher aides instruct from school and students learn from home (*ex. contact tracing, prolonged closure, or emergency situation resolved*):
  - o AMPS students log onto their Google Classroom from home at 9:15am and follow their regular in-school schedule.
  - o LADSBS students log onto their Google Classroom from home at 8:30am and follow their regular in-school schedule.
  - o NCRMS students log onto their Google Classroom from home at 7:35am and follow their regular in-school schedule.
  - o MPHS students log onto their Google Classroom from home at 7:07am and follow their regular in-school schedule.

### **Scenario B – Delayed Opening/Remote Learning**

1. Teachers, teacher assistants, and teacher aides instruct from home and students learn from home (*ex. weather related or building emergency*):

- AMPS students log onto their Google Classroom from home at 10:15am, 11:15am or 12:15pm and follow their regular in-school schedule.
- LADSBS students log onto their Google Classroom from home at 9:30am, 10:30am or 11:30am and follow their regular in-school schedule.
- NCRMS students log onto their Google Classroom from home at 8:35am, 9:35am, or 10:35am and follow their regular in-school schedule.
- MPHS students log onto their Google Classroom from home at 8:07am, 9:07am, or 10:07am and follow their regular in-school schedule.

**-OR-**

2. Teachers, teacher assistants, and teacher aides instruct from school and students learn from home (*ex. contact tracing, prolonged closure, or emergency resolved*)
  - AMPS students log onto their Google Classroom from home at 10:15am, 11:15am or 12:15pm follow their regular in-school schedule.
  - LADSBS students log onto their Google Classroom from home at 9:30am, 10:30am or 11:30am and follow their regular in-school schedule.
  - NCRMS students log onto their Google Classroom from home at 8:35am, 9:35am, or 10:35am and follow their regular in-school schedule.
  - MPHS students log onto their Google Classroom from home at 8:07am, 9:07am, or 10:07am and follow their regular in-school schedule.

Although it is nearly impossible to determine in advance every possible scenario we may encounter over the next 4½ months, the District's decision regarding staff and student in-person attendance will continue to be grounded in safety, combined with best instructional practices.

The decision regarding switching from in-person to remote learning instruction, as well as the time to begin the school day and location of staff, will be communicated to our school community as soon as possible in order for students, staff, and parents to prepare accordingly.

We appreciate your continued patience, understanding and support of our school community as we look forward to the second half for the 2020-21 school year.

Sincerely,

Dr. Marianne F. Cartisano  
Superintendent of Schools
