Re: Storm Effecting Technology

Dear Miller Place School District Students, Parents, and Staff,

As you may be experiencing today's storm is really playing havoc with our technology systems. Homes may be without power or internet access.

Students, please do not stress out about completing your assignments today if you are having technology issues. When you have power and internet access, advise your teacher of your situation and you will be given additional time to complete your assignments.

Staff, our District technology systems are experiencing difficulties as a tree hit a pole near North Country Road Middle School causing a transformer to malfunction. Please do not stress if you cannot post assignments or respond to parents and students this afternoon.

We certainly did not need this storm for many reasons, especially as we are involved in this major shift in student learning, teachers teaching, and households being turned upside down during this pandemic.

Please stay safe and tomorrow's another day.

Thank you.

Dr. Marianne F. Cartisano
Superintendent of Schools
