Re: MPSD Community Organizations

Dear Miller Place School District Community,

One of the District's goals is to foster nurturing and extraordinary academic and extracurricular experiences for our students and community. One way to accomplish this goal is via our continued partnership with our booster clubs.

Please see the messages below from our community booster club organizations, regarding how you can become involved to help enrich the experiences of Miller Place School District students. Your continued support of these organizations is greatly appreciated and vital to their success.

Miller Place PTO (MPPTO)

The mission of the Miller Place Parent-Teacher Organization (MPPTO) is to support all four Miller Place Schools. The MPPTO has been steadfast in its commitment by recreating unique and traditional events to keep our Panthers engaged in the community. Be sure to check out this year's new events and fundraising activities as we work to support the children and families within our community through support of school-based activities and field trips. <https://mppto.ptboard.com/>

Miller Place Athletic Booster Club

Over the years, the generosity and involvement of parents of our athletes in the community has been instrumental in the success of the MP Athletic Booster Club. Funds raised by the Athletic Booster Club are used to provide annual scholarships for graduating seniors, purchase equipment for athletic fields, support sport related school activities, and refurbish athletic fields and facilities. Your membership is greatly needed and appreciated. We hope to see you on the fields soon!

WE ARE ONE!

Miller Place Friends of the Arts (FOTA)

The Miller Place Friends of the Arts is an organization of parents, working together with teachers and administrators, dedicated to preserving, fostering, and enhancing the music and arts programs in the District. MPFOTA supports the needs of the music and arts departments, including transportation fees for festivals and competitions, student participation fees, equipment for the art department, and various mentoring and guest lecturer programs. We also support the high school drama productions in a variety of ways, depending on need. Our fundraising events, including selling concessions at school concerts and productions, support art, music, and drama summer camps and scholarships for graduating seniors.

Thanks for your support!

Miller Place Robotics Team

The Robotics Team aims to teach students about STEAM fields through an inclusive and safe learning environment. Creative and innovative opportunities are developed for learning in science, technology, engineering, and mathematics. Although our Team #514 did not compete last year, we are looking forward reestablishing our team in order to compete in the local FIRST Robotics competition during the 2021-22 school year. Funds raised will be used to pay for building materials for the robot, and for the competition. Please visit our website latest updates, and information.
